## Year-End Tax Donations— please consider the "CARDIAC REHABILITATION ACCESS FUND"

Our 501c(3), in addition to inspiring and supporting heart patients, has helped raise over \$100,000 (since Nov 2011) for a fund to enable heart patients without health insurance or the ability to afford insurance co-pays to receive critical, sometimes life-saving Cardiac Rehab.

The Fund (Number 313867) is a "current use fund" at the OSU Foundation and the OSU College of Medicine provided a \$50,000 matching grant to assist this effort!! **Every donation counts!!**
