To **RSVP** or request more information on **Mended Hearts**, please contact Jeff Davidson at: (614) 580-1561 or jadavidson@columbus.rr.com or visit our website at: www.mendedheartscentralohio.org.

Our featured speaker, Peter J. Mohler, Ph.D., Professor in the Departments of Medicine and Physiology, Director of the Davis Heart & Lung Research Institute, and Associate Dean for Basic Sciences in Ohio State's College of Medicine is a top scientist in genetic heart-related research with numerous honors and peer-reviewed publication. Amy Sturm, MS, CGC, is a certified genetics counselor at OSUMC and an Assistant Professor in the Clinical Division of Human Genetics and will add to this educational event.

Mended hearts has over 18,000 members operating through 300 community-based chapters throughout the U.S. Chapters partner with more than 450 hospitals and cardiac care facilities to provide patient-to-patient heart support. Mended Hearts' accredited volunteers annually average more than 200,000 "comfort and support visits and calls" to heart patients and their families.

In short, Mended Hearts is about the "feel good" of sharing real-life heart stories to comfort others, staying healthy long-term, making new friends, and keeping current on developments in cardiac care and heart disease research.
